

ABBY BOGERT

The Best Friend

Age: 5 years

Sex: Female

Weight: 28 pounds

Breed: Miniature Pinscher/Jack Russell

PERSONALITY

Abby is a sweet and sometimes feisty young girl. Her favorite activities include playing fetch, running, growling at people or dogs who pass by her window or door, and greeting the clients of her humans.

She also enjoys a nice sunbath and napping.

HEALTH & GROOMING

Abby loves the outdoors and basking in the sun. She especially loves the spring time when there are tons of wonderful smells that she can roll around in. Unfortunately, this activity usually means she'll get a bath right away.

Her least favorite activity is being bathed as she would prefer splashing around in the lake over a bath. However, if she's good during the bath she will get a treat.

ABOUT THE OWNER

Abby's humans own a local massage company where she spends her days greeting all of the clients and receiving copious amounts of pets and treats.
